

A sausage went out  
for a walk one day.

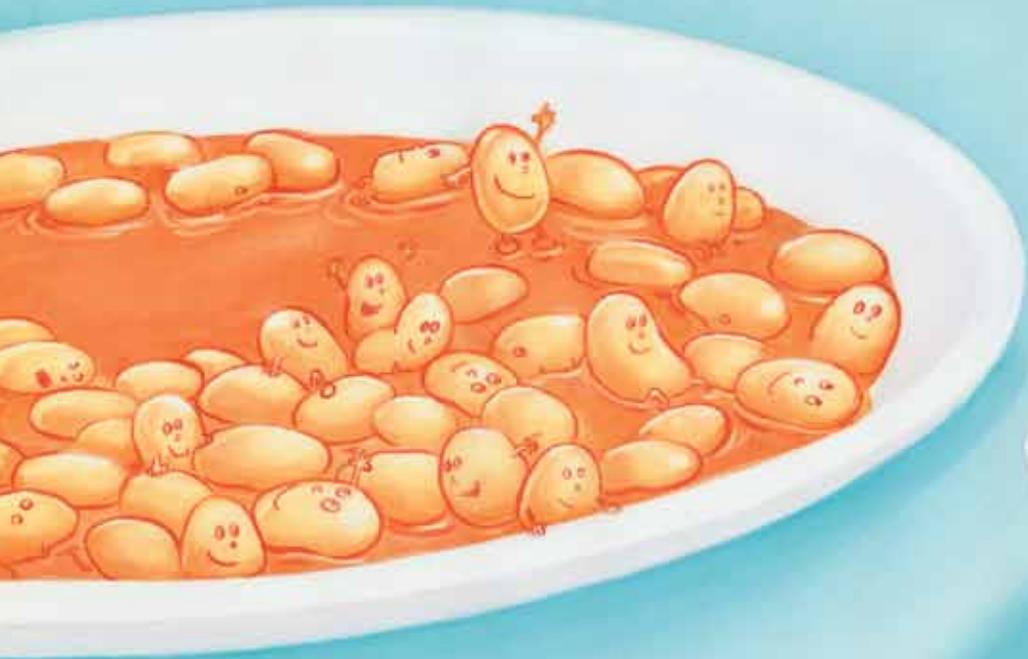

'I'll be eaten  
for breakfast  
if I stay.'

He jumped off the plate  
and slipped away  
from breakfast.

The egg looked up and said with a cry,  
'I won't stay here, I'm going to fly.'

She winked her eye  
and waved goodbye  
to breakfast.

Corn flakes fluttered down to the floor,  
then scampered quickly out the door,  
'No ice cold milk over us anymore  
at breakfast!'
