BROBOT

by JAMES FOLEY

ABOUT THE BOOK

Sally is the world's foremost inventor under the age of twelve, and she just knows she can build a better brother than the messy, smelly version she has. Sally's invention – Brobot – is fantastic, that is until the remote gets broken and Brobot careens out of control. Sally realises that maybe there's more to a brother than just his inconveniences.

A hilarious graphic novel for young readers.
